

A Division of ProHEALTH Care Associates, LLP

ABOUT OUR PRACTITIONERS

Founded in 1972, Colon & Rectal Surgical (**CRS**) is a multi-physician practice specializing in the screening, prevention, diagnosis and comprehensive treatment of virtually all colon and rectal concerns.

At CRS, patients can be confident that the doctors caring for them are among the very best. The experience and skills of our physicians means that patients receive superior surgical and non-surgical colorectal care. CRS physicians are trained and all CRS partners are Board-Certified in both General and Colorectal Surgery and advanced specialized surgery for diseases of the colon, rectum and anus.

Our physicians develop individualized treatment plans based on patient interviews, history and thorough examination. We combine traditional treatments for a range of colorectal conditions with the latest technological advances to achieve optimal outcomes for each patient. More than 95% of routine colorectal screenings for colon cancer are performed in **CRS's** comprehensive, state-of-the-art facilities. Our treatments go beyond the office setting to help patients make lifestyle changes, including nutrition and exercise, which further promote good colon health.

CRS's physicians specialize in the diagnosis and treatment of all colorectal problems, including hemorrhoids, fissures, infections, warts, fistulas, bowel incontinence, diverticulitis, etc., using state-of-the art diagnostic tools, including anoscopy, colonoscopy, ultrasound and others.

In 2006, we introduced our program specializing in women's colon and rectal issues such as post-partum problems, provided by an exclusively female staff in a comfortable private setting. Our Women's Colorectal Care Program is conveniently located in Great Neck, New York and Huntington, New York.

Affiliations and Outpatient Procedures

CRS physicians are affiliated with North Shore University Hospital in Manhasset, N.Y., St. Francis Hospital in Roslyn, N.Y., and Huntington Hospital in Huntington, N.Y. We are also affiliated with the ambulatory facility Digestive Health Center, Huntington, New York*. When a CRS physician makes a decision regarding where your procedure should be performed it is always with the patient's medical interest as primary factor

Anesthesia in our Great Neck office is provided by Atlantic Medical Anesthesia Associates PC. These Board-Certified physicians are experienced in all aspects of anesthesiology and provide care in-hospital, as well as in the outpatient setting. Their dual experience ensures the highest level of care and safety. CRS has worked exclusively with Atlantic Medical Anesthesia Associates, P.C. for more than 5 years.

Please see the back of this sheet for our Physician and Practitioner Biographies

We welcome you to visit us at colonandrectalcare.com for more information about CRS.

*Both Dr. Moseson and Dr. Dobriner maintain a small equity interest in the Digestive Health Center

PHYSICIAN BIOS

Michael D. Moseson, M.D., F.A.C.S., F.A.S.C.R.S. has been practicing Colon and Rectal Surgery since 1981. He received his Medical Degree from the Autonomous University of Madrid Faculty of Medicine, Madrid, Spain. He completed his surgery training at North Shore University Hospital, Manhasset, NY in 1980 and completed his colorectal surgical training at the College of Medicine and Dentistry of New Jersey, Muhlenberg Hospital, Plainfield, NJ in 1981. He is Board-Certified in General Surgery since 1981 and received his Board Certification in Colon and Rectal Surgery in 1982. Dr. Moseson is a Fellow of the American College of Surgeons and the American Society of Colon and Rectal Surgeons. He is currently Chief of the Division of Colon and Rectal Surgery at St. Francis Hospital, Roslyn, N.Y. Dr. Moseson is also an attending surgeon at North Shore University Hospital at Manhasset, N.Y. and North Shore University Hospital at Huntington, N.Y. Dr. Moseson maintains a strong interest in colon cancer screening and prevention, as well as non-invasive treatment for hemorrhoids.

Mark W. Dobriner, M.D., F.A.C.S., F.A.S.C.R.S. has been practicing Colon and Rectal Surgery with CRS since 1993. He received his Medical Degree from Albany Medical College, Albany, NY in 1987. He completed his General Surgery training at North Shore University Hospital at Manhasset, N.Y. in 1992 and his colon and rectal surgery training at Robert Wood Johnson Medical School, NJ in 1993. Dr. Dobriner was Board Certified in General Surgery in 1993 and received his Board Certification in Colon and Rectal Surgery in 1994. Dr. Dobriner is an attending surgeon at St. Francis Hospital, Roslyn, N.Y., North Shore University Hospital at Manhasset, N.Y. and North Shore University Hospital at Huntington, N.Y. Dr. Dobriner maintains a strong interest in colon cancer screening and prevention, as well as a special interest in laparoscopic colon surgery, sphincter preservation and sphincter reconstruction.

Owen T. Su, M.D., F.A.C.S., F.A.S.C.R.S. has been practicing Colon and Rectal Surgery with CRS since 2000. He received his Medical Degree from the University of Pittsburgh School of Medicine, Pittsburgh, PA in 1993. He completed his General Surgery training at St. Luke's/Roosevelt Hospital Center, NY, NY in 1998 and his Colon and Rectal Surgery training at the same institution in 1999. Dr. Su was Board Certified in General Surgery in 1999 and was Board Certified in Colon and Rectal Surgery in 2000. Dr. Su is an attending surgeon at St. Francis Hospital, Roslyn, N.Y., North Shore University Hospital at Manhasset, N.Y. and North Shore University Hospital at Huntington, N.Y. Dr. Su maintains a strong interest in colon cancer screening and prevention, as well as a special interest in laparoscopic colon surgery, and anorectal ultrasound.

Lynn M. O'Connor, M.D., M.P.H. has been practicing Colon and Rectal Surgery with CRS since 2006. She received her Masters in Public Health from Yale University, New Haven, CT in 1993 and her Medical Degree from Temple University Medical School, Philadelphia, PA in 1997. Dr. O'Connor completed her General Surgery training at Union Memorial Hospital, Baltimore, MD in 2005 and her Colon and Rectal Surgery training at Georgia Colon & Rectal Surgical Clinic, Atlanta, GA in 2006. Dr. O'Connor is an attending surgeon at St. Francis Hospital, Roslyn, N.Y., North Shore University Hospital at Manhasset, N.Y. and North Shore University Hospital at Huntington, N.Y. Dr. O'Connor maintains a special interest in women's colorectal health and heads CRS's Women's Colorectal Care Program. She also has a strong interest in colon cancer screening and prevention, laparoscopic surgery, and anorectal ultrasound.

Christine Kelly, R.-P.A.C. Ms. Kelly has served as CRS's Chief Surgical Physician Assistant since 2004. She completed her training at Cornell University Medical College in 1991 and was certified as a Physician Assistant in 1993. Prior to joining CRS, Ms. Kelly served as a Physician Assistant at St. Francis Hospital, Roslyn, N.Y. from 1992. She was St. Francis Hospital's Quality Assurance Coordinator from 1993 to 2004 and their Physician Assistant's Coordinator in their Department of Surgery from 1998 to 2004. Physician Assistants (PAs) are health care professionals licensed to practice medicine with physician supervision. As part of their comprehensive responsibilities, PAs conduct physical exams, diagnose and treat illnesses, order and interpret tests, counsel on preventive healthcare, assist in surgery and write prescriptions. Within the physician-PA relationship, Physician Assistants can engage in medical decision-making and provide a broad range of diagnostic and therapeutic services.
